Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133).
- Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1 and 3-32 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The recited "poly(ethylene oxide) resins having a molecular weight from about 100,000 g/mol to about 8,000,000 g/mol" per claims 1, 13 and 24 constitutes indefinite subject matter as per the type of molecular weight intended is not readily ascertainable, i.e., "weight average" or "number average", the two being substantially different. One of ordinary skill in the art would readily recognize that any basic polymer chemistry textbook would substantiate that "weight average molecular weight" and "number average molecular weight" are two distinct entities. See Ex Parte Simpson 61 USPQ 2d 1009.

Response to Arguments

3. Applicant's arguments filed 09.22.03 have been fully considered but they are not persuasive.

Relative to the 112 issue-----While Counsel, in a good faith effort, attempted to remedy the 112, first paragraph issue of New Matter raised in the previous Office Action (paper no. 18, 06/18/03, paragraph no. 5), such engendered the reinstatement of a 112, 2nd paragraph issue as stated in a previous Office Action per paper no. 12, 11/27/02, paragraph no. 2) B). Counsel is herein reminded that although the Examiner stated that the claims would be allowable if the 112, first paragraph rejection issue was obviated, this in no way translated to obviating the 112, 2nd paragraph issue that was raised in paper no. 12. Counsel should be advised that if the molecular weight is deleted in its

entirety, then the rejection of claims 1 and 3-32 under 35 USC 103(a) as obvious over Sumi et al or Miyamoto et al in combination with Ray-Chaudhuri et al (paper no. 12, 11/27/02, paragraph no. 4) will be reinstated.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, THIS ACTION IS MADE FINAL. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
